General Observation

Adithya, though being the youngest in the environment, has settled down well and has got along with his friends very well. He is sociable. He shows tremendous interest in learning. He in fact absorbs a lot from the environment.

Baseline Data

Language – English

He enjoys when we read books with pictures to him. He has been able to understand the language and responds back using phrases to communicate. Off late he has started repeating the words and the names of the objects.

Sensorial

He tries to differentiate the smells and temperature like hot and cold.

Culture

He is pleased to arrange the flowers. He makes designs with the rangoli.

Art

He is very fond of painting. He actively participates in all the art and craft activities such as tearing, sticking.

Music

Aditya enthusiastically listens to the music and gets engrossed in it. He grooves to the songs. He has been trying to play the instruments as well.

Exercises of Practical Life

He has started to develop good motor skills, has well developed hand-eye co-ordination. He, tries to do spooning and transferring with great enthusiasm and independence.

Plan for next term in the new academic year

As Aditya has been developing good motor skills, we shall work more on his gross motor skills. He shall be introduced with more EPL activities. We shall work with him on his communication skills and help him to start using phrases and small sentences.
